COMPANY OVERVIEW

About Petro Paydar Shargh Co.

Industrial trading and business development with a technical-commercial perspective

Petro Paydar Shargh Co. (PPS) is an Iranian industrial trading and business development company serving the oil and gas, petrochemical, refining, power generation, steel, and other industrial sectors.

Building on more than two decades of professional experience in Iran's industrial and project environment, PPS focuses on international sourcing, procurement coordination, import and export, manufacturer cooperation, and the development of commercial opportunities in Iran and selected regional markets.

We connect international manufacturers and suppliers with industrial demand through technical-commercial understanding, supplier identification, market knowledge, and local business relationships.

OUR MISSION

To facilitate reliable industrial supply and create sustainable commercial connections between qualified international suppliers and regional markets.

OUR VISION

To become a trusted regional business partner through professionalism, reliability, and long-term cooperation.

LEADERSHIP

Management & Industrial Experience

MEHDI HEIDARZADEH

Founder & CEO

Mehdi Heidarzadeh brings more than 23 years of professional experience across Iran's industrial and project sectors, including oil and gas, petrochemicals, and related industrial fields.

His background encompasses project management(With complete mastery of PMBOK), industrial equipment and materials, technical-commercial coordination, supplier engagement, and business development.

This experience supports PPS in understanding procurement requirements, communicating with manufacturers, evaluating commercial opportunities, and coordinating business activities.

MASOUD HASHEMI

Co-Founder & COB

Masoud Hashemi brings more than 23 years of professional experience across Iran's industrial and project environments, with a focus on planning, project management (With complete mastery of PMBOK), and factory management.

His background encompasses project planning, plant operations, and maintenance and repair management of industrial facilities and equipment.

This experience supports PPS in assessing technical and operational requirements, and he contributes to the company's strategic direction and business development.

WHAT WE DO

Our Core Competencies

Practical support across sourcing, trade, and business development

INDUSTRIAL SOURCING & PROCUREMENT

Identifying potential manufacturers and suppliers for equipment, materials, components, and spare parts based on project requirements.

INTERNATIONAL TRADE

Supporting import and export activities for industrial equipment, materials, and selected Iranian industrial products.

MANUFACTURER COOPERATION

Facilitating commercial engagement with qualified manufacturers, subject to existing representation agreements and contractual commitments.

MARKET DEVELOPMENT

Identifying opportunities, understanding customer requirements, and supporting supplier engagement and quotation follow-up.

TECHNICAL-COMMERCIAL COORDINATION

Helping align customer inquiries, supplier capabilities, technical documentation, and commercial proposals.

REGIONAL BUSINESS DEVELOPMENT

Exploring opportunities in Iran and selected markets including Iraq, Pakistan, Central Asia, and the GCC.

PRODUCT PORTFOLIO

Industrial Equipment & Materials

Sourcing and commercial coordination based on project-specific requirements

HEAT TRANSFER

Air-cooled, plate, and shell-and-tube heat exchangers; finned tubes and heat exchanger tubes.

OILFIELD EQUIPMENT

Drill pipe, tubing, casing, tubing couplings, wellhead control panels, and related equipment.

VALVES & FLOW CONTROL

Ball, gate, globe, check, and control valves; other valve types subject to project specifications.

PIPES, TUBES & FITTINGS

Industrial pipes and fittings; carbon steel, stainless steel, copper-nickel, ASTM A179/A213, and special-alloy tubes.

PUMPS & INSTRUMENTS

Centrifugal and metering pumps, field instruments, process measurement devices, and related accessories.

POWER & INDUSTRIAL UTILITIES

Diesel generator sets, air compressor packages, industrial plates, sheets, and raw materials.

APPLICATIONS

Supporting Industrial Requirements

From inquiry clarification to supplier and quotation coordination

HEAT EXCHANGERS & THERMAL EQUIPMENT

Used across oil and gas, petrochemical, refining, power generation, and process industries.

Coordination is based on design conditions, process data, materials, applicable codes, and project specifications.

OILFIELD TUBULARS, VALVES & FLOW CONTROL

Inquiries may cover drill pipe, tubing, casing, couplings, and industrial valves.

Selection depends on dimensions, material grades, pressure class, connections, operating conditions, standards, and inspection requirements.

PUMPS, INSTRUMENTATION & UTILITY PACKAGES

Supplier inquiries can be coordinated for pumps, field instruments, generator sets, air compressor packages, and related equipment. Final technical compliance and certification must be confirmed by the selected manufacturer and relevant parties.

SUPPLIER NETWORK

International Sourcing & Manufacturer Cooperation

Building practical relationships with qualified international suppliers

Connecting production capacity to global markets

From supplier identification to delivery coordination, PPS supports each stage of international sourcing.

SUPPLIER IDENTIFICATION

Identify potential manufacturers based on product category, technical requirements, capability, and commercial suitability.

MANUFACTURER COMMUNICATION

Coordinate inquiries, technical clarifications, quotations, and commercial follow-up.

CHINA SOURCING COORDINATION

PPS works with China-related sourcing resources; the company profile identifies Ewin International (Hong Kong) Co., Limited in this context.

DOCUMENTATION & QUALITY FOLLOW-UP

Where included in the agreed scope, coordinate documentation and communication concerning inspection and quality requirements.

LOGISTICS & COMMERCIAL COORDINATION

Support communication concerning delivery schedules, shipping documentation, and transaction requirements.

COOPERATION PRINCIPLES

Define roles clearly, respect existing representation agreements, protect confidential information, and agree commercial terms in advance.

Jiangsu Evalve Co., Ltd.

Industrial valve manufacturing for demanding process industries

Jiangsu Evalve Co., Ltd. is based in Yangzhong, Jiangsu, China. Established in 1982, the company specializes in the research and development, design, consulting, service, manufacturing and sales of high-end industrial valves.

Its stated corporate profile identifies Evalve as a high-tech enterprise and highlights its focus on innovation, intellectual property and the standardization of high-end valve technologies.

PPS & Evalve: From Manufacturer to Market

A documented cooperation framework for valve supply and local after-sales coordination in Iran

PPS REPRESENTATION & SUPPORT

Authorized representation

PPS holds manufacturer-issued representation documentation for the Iranian market, subject to the scope and terms of the applicable signed agreements.

After-sales coordination

Coordination of customer communications, warranty-related matters and after-sales support in accordance with the manufacturer's procedures.

Local commercial interface

Support with inquiries, technical clarification, quotation coordination and communication between Iranian customers and Evalve.

PRODUCT RANGE & CAPABILITIES

Gate valves	Up to 64 in.
Globe valves	Up to 24 in.
Check valves	Up to 60 in.
Ball valves	Up to 48 in.
Butterfly valves	Up to 96 in.
Control valves	Up to 28 in.

Product availability, materials, pressure class, standards, certifications and delivery terms are confirmed against each project specification and the manufacturer's current technical offer.

MARKET DEVELOPMENT

Iran Market & Regional Opportunities

Commercial coordination subject to procurement rules and confidentiality

PPS seeks to help international suppliers explore relevant opportunities by combining industrial market knowledge, professional relationships, and commercial coordination.

HOW WE SUPPORT OPPORTUNITIES

- Understand product requirements and procurement conditions.
- Identify potential suppliers and coordinate manufacturer engagement.
- Support supplier qualification and technical-commercial submissions where required.
- Follow up on quotations and business discussions.
- Explore longer-term cooperation based on product fit and market conditions.

CONFIDENTIALITY & COMMERCIAL INTEGRITY

Project information is shared as appropriate and subject to confidentiality requirements, contractual commitments, customer restrictions, and applicable procurement rules. PPS does not guarantee contract awards or procurement outcomes.

Markets are explored according to product suitability, opportunity, and applicable requirements.

EXPORT PORTFOLIO

Iranian Petrochemical & Energy Products

Connecting qualified Iranian supply with regional buyers through coordinated commercial execution.

POLYMER PRODUCTS

Export coordination for selected Iranian petrochemical grades

- **POLYETHYLENE (PE)**
  HDPE and other PE grades, subject to grade availability
- **POLYPROPYLENE (PP)**
  PP grades for industrial and conversion applications
- **PRODUCT FORMS**
  Typically supplied in 25 kg bags; packing and palletization by agreement
- **APPLICATIONS**
  Pipes, injection moulding, fibres, sheets and containers

LIQUEFIED PETROLEUM GAS (LPG)

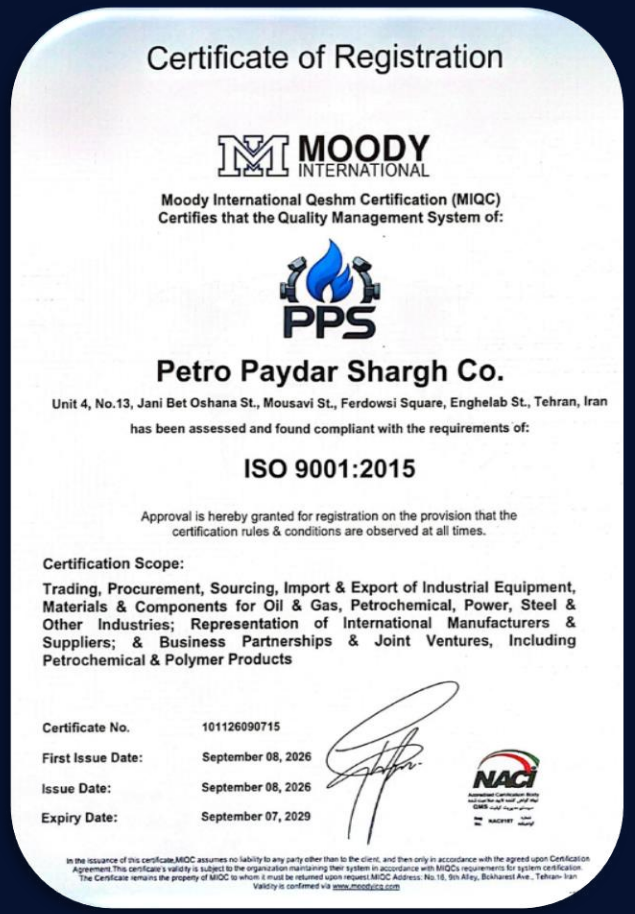

Buyer-specific supply coordination and export discussions

- **BLEND & SPECIFICATION**
  Propane / butane composition confirmed against buyer requirements
- **COMMERCIAL COORDINATION**
  Supplier–buyer introductions, offer alignment and transaction follow-up
- **LOGISTICS**
  Route, delivery point, shipment terms and documentation agreed per deal
- **COMPLIANCE**
  Subject to applicable export rules, sanctions restrictions and approvals

EXPORTS ARE TRANSACTION-SPECIFIC

Grades, specifications, quantity, pricing, stock position, origin documents and delivery terms are confirmed individually. PPS does not imply ready stock or guaranteed availability unless confirmed in a specific written offer.
